Biography

Vanessa Lawrence Reeves, MA, is the Business Process Professional for the CCTSI Community Engagement and Research Core. Her role assists with the work of the Community Engagement Research Core's programs and special projects from an administrative management lens. Prior to joining the team, Vanessa was the Special Projects Lead for the Associate Vice President and Executive Director of the Harvard Alumni Association. Vanessa received her Master's at City University, London in Cultural Policy and Arts Business Management. Prior to moving to Denver, she held various roles supporting private and nonprofit organizations with process improvement and implementation.
