PREVENTION

PRIMARY CARE

SPECIALISTS & ACUTE CARE

- Ensure social supports
- Expand primary care
- Remove inequities
- Specialists/acute address needed cases
- Reduce use/cost of expensive care

From Clinic To Community

FUTURE HEALTH SYSTEM

- Emphasis on vitality, not illness
- Person and family centered
- Focus on friends, community supporting families
- Community as full partner
- Collaborative management of health, social supports

- Medicine tightly integrated
- Minimize acute care

INVESTING IN VITALITY

- Personal success plan
- Holistic, integrated
- Ongoing support
- Right pocket
- ROI delivered
- Finance with benefits/savings
