EDUCATION

Completion Date	Degree	Institution	Field of Study
1990	BA	University of Minnesota	Psychology
1993	MA	University of Minnesota	Adult Education
1996	Ph.D.	University of Minnesota	Higher Education Policy
2012	MA	Harvard Medical School	Honorary

ACADEMIC APPOINTMENTS

Date	Position	Institution	Department
1998 – 2003	Instructor	Harvard Medical School	Medicine
2003 – 2007	Assistant Professor	Harvard Medical School	Medicine
2007 – 2012	Associate Professor	Harvard Medical School	Medicine
2012 – 2018	Professor	Harvard Medical School	Medicine
2018 –	Professor (tenured)	University of Colorado School of Medicine	Medicine

OTHER PROFESSIONAL POSITIONS

Date	Position	Institution	Department
1996 – 1998	Postdoctoral Researcher	Massachusetts General Hospital, Harvard Medical School	Health Policy Research and Development Unit
1998 – 2018	Assistant in Health Policy	Massachusetts General Hospital	Medicine
2013 – 2018	Faculty Associate	Harvard Law School	Petrie-Flom Center for Health Law Policy, Biotechnology and Bioethics
2015 – 2018	Faculty Associate	Harvard Law School	Edmond J. Safra Center for Ethics
2015 – 2018	Affiliated Faculty	Harvard Medical School	Center for Bioethics
2019-	Affiliated Faculty	University of Colorado School of Public Health	Health Systems Management and Policy

Leadership Positions

Date	Position	Institution	Department
------	----------	-------------	------------

2009-2016	Director of Research	Massachusetts General Hospital	Mongan Institute for Health Policy
2014-2018	Co-Director/Unit Chief	Massachusetts General Hospital	Clinical Research Program, Clinical Effectiveness Research Group
2015-2018	Director of Ethics Research	Harvard Medical School	Center for Bioethics
2016-2018	Associate Director	Massachusetts General Hospital	Mongan Institute for Health Policy
2018-	Director of Research	University of Colorado, Anschutz	Center Bioethics and Humanities

HONORS, SPECIAL RECOGNITIONS AND AWARDS

Date	Award	Institution
2007	Individual Investigator Award, Clinical Research Day	Massachusetts General Hospital
2009	Investigator Team Award, Clinical Research Day	Massachusetts General Hospital
2011	2011 Professionalism Article of the Year for "Physicians' Perceptions, Preparedness for Reporting, and Experiences Related to Impaired and Incompetent Colleagues" published in <i>JAMA</i> .	American Board of Internal Medicine Foundation
2012	2012 Health Services Research Impact Award	AcademyHealth
2013	Visiting Professor Pro Tempore	The Cleveland Clinic Educational Foundation, Women's Professional Staff Association & Department of Bioethics
2014	Distinguished Alumni Award	University of Minnesota College of Education and Human Development
2018	Interdisciplinary Professor of Medicine	University of Colorado School of Medicine
2021	Elected Fellow	The Hastings Center
2021	Research Excellence Award	Division of General Internal Medicine, Department of Medicine, University of Colorado School of Medicine
2021	Top 10 Most Read Articles of 2021	<i>Health Affairs</i>

MEMBERSHIP IN PROFESSIONAL ORGANIZATIONS

Date	Position	Organization
2007 – 2008	Independent Advisor Public/Private Relationships	American Board of Medical Specialties Foundation for Research and Education
2009 – 2014	Member	Society of General Internal Medicine
2009 – 2012	Ethics Committee Member	Society of General Internal Medicine
2009 – 2011	Member	American Association for Public Opinion Research

2009 – 2012	Member	Academy Health
-------------	--------	----------------

MAJOR COMMITTEE AND SERVICE RESPONSIBILITIES

Date	Position	Committee	Institution
2004	Advisory Board Member	Center for Genetic Research, Ethics and Law	Case Western University
2004	Committee Member	Committee of Alternative Funding Strategies for DOD's Peer Reviewed Medical Research Programs	Institute of Medicine
2006-2007	Committee Member	Conflict of Interest Steering Committee	Federation of American Societies for Experimental Biology
2007-2009	Committee Member	Conflict of Interest Committee in Medical Research, Education, and Practice	Institute of Medicine
2008-2015	Member	CTSA Ethics Advisory Committee	Harvard Medical School
2009-2010	Committee Member	Dean's Conflict of Interest Faculty Reaction Group Committee	Harvard Medical School
2009-2010	Independent Agent	Committee on Planning a Continuing Health Care Professional Education Institute	Institute of Medicine
2009-2010	Committee Member	CTSA National Clinical Research Ethics Key Function Committee	National Institutes of Health
2010	Committee Member	National Ambulatory Care Survey Electronic Medical Record Advisory Working Group	National Center for Health Statistics and Office of the National Coordinator for Health Information Technology
2010-2011	Committee Member	ACCME Application Working Group	Partners Healthcare
2010-2012	Reviewer	Awards and Honors Committee-Rose Seegal Prize	Harvard Medical School
2010-2015	Advisory Board Member	Edmond J. Safra Center for Ethics Lab Committee	Harvard University
2011-2012	Working Group Member	Harmonizing the COI Disclosure Process	Institute of Medicine Roundtable on Value & Science-Driven Healthcare
2013-2018	Advisory Board Member	Graduate Program in Survey Research	University of Massachusetts Boston
2013-2018	Committee Member	Faculty Recruitment Committee	Division of General Medicine, MGH

2015-2016	Advisory Board Member	Ethical Considerations for Public Private Partnerships Work Group	Advisory Committee to the Director of the CDC
2016-2018	Committee Member	Advisory Committee on Public Trust in Nutrition	American Society for Nutrition
2017-2018	Committee Member	Task Force on Conflicts of Interest	Infectious Disease Society of America
2018-	Committee Member	Conflict of Interest Ethics Committee	Infectious Disease Society of America
2018-	Group Member	General Internal Medicine Strategic Planning Research Driver Group	University of Colorado Medical School
2020	Committee Chair	Post Tenure Review Committee for Dr. Cathey Bradley	Univeristy of Colorado School of Public Health

REVIEW AND REFEREE WORK

Date	Position	Institution
2003	Study Section Member	National Human Genome Research Institute National Institutes of Health
2003	Study Section Member	National Institutes of Health
2004	Study Section Member	Centers for Disease Control and Prevention
2003-2006	Independent Advisor: Public/Private Relationships	CDC/CDC Foundation
2007	Ad Hoc Reviewer	National Science Foundation: Science and Society Program
2009	Ad Hoc Reviewer	National Science Foundation: Science and Innovation Program
2010	Grant Reviewer	Institute on Medicine as a Profession: Columbia University
2011	Study Section Member	National Institutes of Health: RFA ES 11-004
2011	Study Section Member	Department of Veterans Affairs: Health Services Research & Development Service
2012	Study Section Member	National Institutes of Health: SEIR Societal and Ethical Issues in Research
2012	Study Section Member	Department of Veterans Affairs: Research Best Practices (RBP) Review Special Panel
2012	Ad Hoc Reviewer	Medical Research Council (MRC): United Kingdom
2013	Study Section Member	National Institutes of Health: ZRG1 AARR-F(57) "Ethical Issues in Research on HIV/AIDS and its Co-morbidities" Special Emphasis Panel.
2014	Ad Hoc Study Section Member	National Institutes of Health: ZRG1 PSE N 02 M "Societal and Ethical Issues in Research Study Section."
2016	Study Section Chair	National Institutes of Health: ZRG1-N 55 "AIDS and Related Research Special Emphasis Panel"
2020	Ad Hoc Study Section Member	National Institutes of Health: "Health Services Organization and Delivery Study Section

Editorial Activities

Ad hoc Reviewer (selected):

1. *Journal of the American Medical Association*
2. *New England Journal of Medicine*
3. *JAMA Internal Medicine*
4. *Journal of General Internal Medicine*
5. *British Medical Journal*
6. *American Journal of Bioethics*
7. *Nature Biotechnology*
8. *Academic Medicine*
9. *Science*
10. *American Journal of Bioethics*
11. *Journal of Empirical Research on Human-Research Ethics*
12. *American Journal of Managed Care*
13. *Health Affairs*
14. *Rural Sociology*
15. *The Lancet*
16. *Science Translational Medicine*
17. *Nature Medicine*
18. *The Milbank Quarterly*

INVITED EXTRAMURAL LECTURES, PRESENTATIONS, AND VISITING PROFESSORSHIPS

Local and Regional (New England & Colorado)

Date	Task	Topic	Host/Institution
1996	Presentation, Peer Reviewed	Academic health centers and the care of vulnerable populations	American Federation for Medical Research and the Society of General Internal Medicine Joint Program, Boston, MA
1997	Presentation, Peer Reviewed	Understanding the social missions of academic health centers	Society of General Internal Medicine 20th Annual Meeting, Session E-01, Boston, MA
2001	Invited Presentation	Secrecy in academic genetics	Annual Advisory Board Meeting of the Institute for Health Policy, Boston, MA
2005	Invited Presentation	Science and commerce: University industry relationships in biotechnology	2005 American Agricultural Economics Association, Providence, RI
2008	Invited Presentation	Institutional regulation of academic industry relationships	Massachusetts General Hospital Board of Trustees, Boston, MA
2009	Invited Presentation	Conflicts of interest in medical research	2009 Massachusetts General Hospital Program in Cancer Outcomes Research Training, Boston, MA
2010	Invited Commentary	Institutional corruption and conflicts of interest	Edmond J. Safra Foundation Center for Medical Ethics Lectures on the Question of Institutional Corruption, Harvard Medical School, Boston, MA

	Invited Presentation	Conflicts of interest in academic medicine	2010 Harvard University Division of Medical Ethics Faculty Seminar Series, Boston, MA
	Invited Presentation	Impaired and incompetent physicians: Results of a national study	2010 Dana Farber/Harvard Cancer Center Outcomes Research Program Seminar Series, Harvard Medical School, Boston, MA
2011	Invited Presentation	Conflict of interest in the practice of medicine	Dartmouth University , Hanover, NH
2012	Invited Presentation	Primer on survey research	Brigham and Women's Hospital Center on Expertise in Medical Education, Boston, MA
	Invited Presentation	Doctor/Patient communication: Results of a national survey	Massachusetts General Hospital Institute on Technology Assessment, Department of Radiology, Boston, MA
	Invited Presentation	Understanding Emerging Trends in Industry-Academic Relationships	2012 National Physician Alliance National Grand Rounds, Farmington, CT
2014	Invited Presentation	Conflicts of interest in the practice of medicine, education and research	Dartmouth University, Hanover, NH
2015	Invited Presentation	Ethics to policy: Conflicts of interest between IRB members and industry	Harvard Center for Bioethics Harvard Medical School, Boston, MA
2017	Invited Presentation	Empirical research spanning bioethics and healthcare policy	University of Colorado Anschutz School of Medicine, Denver, CO
2021	Invited Presentation	Medicine Grand Rounds: Disability and Access to Care	University of Colorado Anschutz School of Medicine, Denver, CO
2021	Invited Presentation	Ethics Grand Rounds: Medical Aid In Dying in Colorado	University of Colorado School of Medicine
2021	Invited Presentation	HSMP Research Seminar: Medical Aid in Dying in Colorado	Department of Health Systems Management and Policy: University of Colorado School of Public Health
2021	Invited Presentation	Cardiology Grand Rounds: Medical Aid in Dying in Colorado	University of Colorado: Department of Medicine: Division of Cardiology
2022	Invited Presentation	Center for Bioethics and Humanities: Medical Aid in Dying in Colorado: What do doctors think?	University of Colorado and the Colorado Medical Society
2022	Invited Presentation	Center for Bioethics and Humanities Community Board: Progress on the Research Mission at CBH.	University of Colorado, Center for Bioethics and Humanities.

National (Outside New England and Colorado)

Date	Task	Topic	Institution
------	------	-------	-------------

1996	Presentation, Peer Reviewed	Withholding of the results of scientific research: Effects of relations with industry and faculty productivity	The Association for the Study of Higher Education Annual Meeting, Indianapolis, IN
1997	Presentation, Peer Reviewed	The relationships between market competition and the activities and attitudes of medical school faculty	Association for Health Services Research 14th Annual Meeting, Chicago, IL
	Presentation, Peer Reviewed	Participation of life science faculty in research relationships with industry	1997 Technology Transfer Society Annual Meeting, Denver, CO
	Presentation, Peer Reviewed	Quid pro quo: Emerging academic and corporate expectations of research-related gifts	Association for the Study of Higher Education Annual Meeting, Albuquerque, NM
1998	Invited Presentation	Academic industry relationships and commercialization in the life sciences	Institute of Molecular Biology, University of Oregon, Eugene, OR
	Invited Presentation	Academic industry relationships in the life sciences: Policy concerns for science	Committee on Science, Engineering, and Public Policy, National Academy of Sciences, Washington, DC
	Invited Presentation	Academic industry research relationships and commercialization: Implications for policy and practice	Annual Meeting of the Licensing Executives Society, Boston, MA
	Invited Presentation	Looking a gift horse in the mouth: Corporate philanthropy in support of life sciences research	The Future Location of Research in a Triple Helix of University-Industry-Government Relations: An International Symposium, Purchase, NY
1999	Invited Presentation	Academic industry research relationships and faculty productivity in Genetics and the other life sciences	Board on Science, Technology and Economic Policy, National Academy of Sciences and the National Research Council, Washington, DC
	Presentation to General Session	Understanding the effects of market competition on the managed care content of undergraduate medical education	Competing Constituencies of Medical Education: Meeting Accountability with Innovation, Chicago, IL
2000	Invited Presentation	Academic industry research relationships in the life sciences: Policy options	Science and Technology Diplomats Society, Royal Danish Embassy, Washington, DC
	Invited Presentation	Commercializing university-based research through academic industry research relationships: Policy options and opportunities	Genetic Engineering and Cloning Animals Symposium, Park City, UT
	Invited Presentation	Conflict of interest in academic research: From practice to policy	Annual Retreat of the Council on Federal Relations, Association of

			American Universities, Tucson, AZ
	Invited Presentation	Financial conflicts of interest in academic research: Public affairs and public policy	Council on Public Relations, Association of American Universities, Washington, DC
	Invited Presentation	Academic industry research relationships in the life sciences	Annual Meeting, American Association for the Advancement of Science. Washington, DC
2002	Invited Presentation	Clinical research in the current academic environment	Second Annual Medical Research Summit, Washington, DC
	Invited Presentation	Data-sharing and withholding in academic genetics. At the Crossroads: Public/Private Priorities Concerning Access to Genetic Information Conference	The University of Maryland School of Law, Washington, DC
	Presentation, Peer Reviewed	Research directions and funding opportunities on research integrity and misconduct	Annual Meeting of the American Sociological Association, Chicago, IL
	Presentation, Peer Reviewed	Data-sharing and withholding among trainees in science	Office of Research Integrity. 2002 Conference on Research Integrity. Washington, DC
2003	Invited Presentation	Changes in United States graduate medical education: residents and programs	Centers for Medicare and Medicaid Services. Washington, DC
	Invited Presentation	Academic health centers: Current status, future prospects	Association of Governing Boards of Universities and Colleges. Washington, DC
	Invited Presentation	Intellectual property rights in academe: Lessons from the life sciences	Crop Science Society Annual Meeting. Denver, CO
2004	Invited Presentation	Strategies for minimizing conflicts of interest on IRBs	American Conference Institute Meeting Minimizing and Preventing Liability in Clinical Trials: Strategies for Compliance. Washington, DC
	Presentation, Peer Reviewed	Innovative approaches to auditing hospital patient safety data and practices	2004 AHRQ Annual Patient Safety Research Conference, Washington, DC
	Presentation, Peer Reviewed	Assessing patient safety culture: Results from implementation of the hospital survey on patient safety	2004 AHRQ Annual Patient Safety Research Conference, Washington, DC
	Invited Presentation	Government academic industry relationships in science: Implications for the CDC and CDC Foundation	Bi-annual Meeting of the Board of Trustees of the Foundation for the CDC. Atlanta, GA

	Invited Presentation	Public private partnerships: Implications for the CDC Foundation	Inaugural Meeting of the Board of External Advisors of the Foundation for the CDC. Atlanta, GA
	Presentation, Peer Reviewed	Data-withholding among trainees in science: Results of a national study	2004 ORI Research Conference on Research Integrity. San Diego, CA
2005	Invited Presentation	Conflicts of interest in life science research	2005 FASEB Board Meeting. Washington, DC
2006	Invited Presentation	Academic industry relationships in medicine: What the future may hold for other fields of science	2006 Agricultural Biotechnology Research for Public Goods and Private Goods: The Roles of University-Industry Relationships. Washington, DC
	Invited Presentation	Academic industry relationships among IRB members: Results of a national study	2006 Cleveland Clinic Ethics Department. Cleveland, OH
	Invited Presentation	Partnerships in science: Academic industry relationships and conflicts of interest	2006 Forum on Conflicts of Interest in Academe. Cleveland, OH
	Invited Presentation	Conflicts of Interest in Translational Research	2006 Duke Translational Medicine Symposium. Durham, NC
	Presentation, Peer Reviewed	Entrepreneurial professors and secrecy in science: Variations and impacts	2006 ORI Research Conference on Research Integrity. Tampa, FL
2007	Invited Presentation	A public policy perspective on academic industry relationships: Setting the national policy agenda	2007 National Academy of Sciences Conference on Financial Relationships with Industry. Washington, DC
	Invited Presentation	Institutional academic industry relationships in academic health centers and teaching hospitals: Results of a national survey	2007 AAMC Forum on Conflicts of Interest in Academe. Baltimore, MD
	Invited Presentation	AIRs in medical education, research and practice	2007 National Academy of Sciences: Institute of Medicine Meeting. 2007 Washington, DC
	Invited Presentation	Conflict of interest: Nature extent and consequences for individuals and institutions	2007 Provost Interdisciplinary Seminar Series: University of Pennsylvania. Philadelphia, PA
	Invited Presentation	Relationships with Industry: Implications for the University of Minnesota Conflicts of Interest Task Force	2007 University of Minnesota Task Force of Conflicts of Interest. Minneapolis, MN
2008	Invited Presentation	Industry Relationships: What do the data tell us	2008 Seton Hall Center for Health and Pharmaceutical Law

			Meeting. Seton Hall University. Newark, NJ
	Presentation, Peer Reviewed	Research, commercialization, expenditures, and faculty	2008 Annual Meeting of the Association for the Study of Higher Education. Jacksonville, FL
	Invited Presentation	Continuing medical education: Economic modeling	2008 IOM Committee on Planning a Continuing Health Care Professional Education Institute, Institute of Medicine. Washington, DC
	Invited Presentation	Transparency in cancer research	2008 National Coalition for Cancer Survivorship 2008 Cancer Research Roundtable. Washington, DC
	Invited Presentation	Conflicts of interest in clinical radiology	2008 Radiological Society of American Professionalism Instructional Course. Chicago, IL
2009	Keynote Address	Conflicts of interest and research integrity	2009 ILSI North America Joint Meeting of the Assembly of Members and the Food, Nutrition and Safety Program. Tucson AZ
	Invented Presentation	The ethics of conflict-of-interest in scientific research and physician relationships with industry	2009 Yale Medical School Medical Student Council Meeting. New Haven, CT
	Invited Presentation	Medical professionalism in the US: Results of a national survey	2009 Leonard Davis Institute of Health Economics Research Seminar Series at the University of Pennsylvania. Philadelphia, PA
	Invited Presentation	Conflicts of interest in university-industry relationships: Emerging regulatory trends and their impact upon universities	2009 University of Alabama at Birmingham Office of the Provost. Birmingham, AL
	Presentation, Peer Reviewed	Government-industry relationships in science: Results of a survey of NIH employees	2009 Office for Research Integrity Annual Meeting. Buffalo, NY
	Presentation, Peer Reviewed	Research integrity at the NIH and the impact of the 2005 ethics rules	2009 Research Conference on Research Integrity. Niagara, NY
	Invited Presentation	Conflicts of interests and where do we go from here: A conference summary	2009 American Legacy Foundation Conference on Industry-medicine Relationships Comparing Tobacco, Alcohol, Food and Pharmaceuticals. New York, NY

	Invited Testimony	Conflicts of Interest in Medical Research, Education and Practice	United States Senate, Special Committee on Aging
2010	Invited Presentation	Physician industry relationships in medicine, medical education and research: Setting the policy stage	2009 Heart Rhythm Society, Health Policy Town Hall: Financial Relationships with Industry in this Changing Environment. Denver, CO
	Invited Presentation	The new landscape for industry-profession relations: From policy to practice	46 th Drug Information Association Annual Meeting. Washington, DC
	Invited Presentation	Changes in physician industry relationships from 2004 to 2009: Results of a national study	2010 Dartmouth Health Policy Faculty Workshop. Hanover NH
2011	Invited Presentation	Survey: Doctors Cutting Financial Ties to Drug Companies Amid Scrutiny	Third Annual Summit on Disclosure, Transparency and Aggregate Spend for Drug, Device and Biotech Companies. Washington DC
	Invited Presentation	Innovation, Product Development Process, and Technical Professionals	2011 Annual Meeting Academy of Management. San Antonio TX
	Invited Presentation	Academic Scientists and Industry Relationships	2011 Georgetown University Pharma Knows Best? Managing Medical Knowledge Conference. Washington DC
	Invited Presentation	Setting the stage: What do we know from prior consensus panels	2011 Conflicts of Interest in the Practice of Medicine: A National Symposium, Pittsburgh, PA
2012	Presentation	Scientific collaboration: What's going on beneath the radar?	The Quest Conference 2012, sponsored by the Office of Research Integrity, Washington, DC
2013	Invited Presentation	Gender and leadership in academic medicine	2013 Ethics Grand Rounds. Cleveland Clinic. Cleveland OH
	Invited Presentation	Pharmaceutical company influence over physician use of genetic drugs: Result of a national Study	2013 Forum on Conflicts of Interest in Academe, American Association of Academic Health Centers, Baltimore MD
2014	Invited Presentation	Conflicts of interest and industry sponsorship in clinical research	Research with Human Participants: The National Debate. University of Minnesota. Minneapolis MN
	Invited Presentation	Ethics to policy: IRB members and conflicts of interest	Trent Center for Medical Ethics Humanities in Medicine Lecture, Duke University School of Medicine, Raleigh, NC

	Invited Presentation	Physician openness and honesty with patients	University of Michigan, Ann Arbor, MI
2015	Invited Presentation	Data Sharing and Withholding In Genetics: Results of a 2014 National Study Funded by the NHGRI	2015 Cold Spring Harbor Laboratory's International Biology of Genomes Conference. Cold Spring Harbor, NY
2017	Keynote Speaker	Empirical Bioethics: Conflicts of interest among IRB members	University of North Dakota, Dean's Lecture Series, Grand Forks, ND
2020	Invited Presentation	Metabolic Bariatric Surgery Among Adolescents	Essential Health Bariatric Research Group, Fargo ND
2021	Session Moderator	The Ethics of Wearable Tech	University of Colorado School of Business Daniels Fund Ethics Initiative
2022	Invited Presentation	The Experiences and Perceptions of MAiD Providers in Colorado	NYU Center for Bioethics
	Invited Presentation	Medical Aid in Dying Experiences and Perspectives: Results of a Survey of Physicians in Colorado	Developing Issues in Bioethics Series, Baylor College of Medicine Center for Medical Ethics and Health Policy
	Invited Presentation	Conflicts of Interest Among Advanced Practice Providers	2022 National Nurse Practitioner Symposium, Keystone CO. (unable to attend due to illness).

International

Date	Task	Topic	Host
1998	Invited Presentation	Academic industry research relationships: Implications for policy and practice.	The Commercialization of Genetic Research: Ethical, Legal and Policy Issues conference. University of Alberta, Health Law Institute. Alberta, Canada
2005	Invited Presentation	University, government and industry relationships in the life sciences: A forty years retrospective	2005 Bringing Science to Life. University of Toronto. Toronto, Canada
2009	Invited Presentation	Medical professionalism in the US—Implications for China	2009 China-United States World Conference on Medical Professionalism. Shanghai, China
2010	Invited Presentation	Medical professionalism results of 2009 survey	2010 China-United States World Conference on Medical Professionalism. Beijing, China

2011	Invited Presentation	Medical professionalism in US and England	2011 China-United States World Conference on Medical Professionalism. Beijing, China
2013	Keynote Presentation	The impact of industry relationships on patient care in the United States	Conflicts of Interest in Modern Life Sciences. Hanover, Germany

TEACHING RECORD

Selected Presentations to Undergraduate Students, Graduate Students, and House Officers

Date	Presentation	Audience	Course Information
1999-2000	Conducting Large Scale Mailed Survey	Fellows and Medical PhD students	Harvard School of Public Health/Epidemiology 242cd Professor: Daniel Singer
2004-2005	Conducting Large Scale Mailed Surveys	MDs and Fellows	Harvard Medical School/Center for Excellence in Minority Health Professor: Joan Reed
2005	Conflicts of Interest in the Academic Life Sciences	MBA students	Harvard Business School/Commercializing Science and High Technology Professor: Lee Fleming
2010	Introduction to Health Care Management	Business PhD students	Harvard Medical School Professor: Peter Slavin, MD
2011-2012	Fundamentals of Survey Research	MGH Medicine residents	Massachusetts General Hospital Medicine Department Tools of Human Investigation Elective Professor: Deborah Wexler, MD
2013	Introduction to Survey Research and Design	MDs and Fellows (100 participants)	MGH Clinical Research Program Professor: Eric Campbell, PhD
2014	Survey Research	First Year Medical Students (50 participants)	Harvard Medical School Professor: Jeffrey Linder MD
2014	Authorship Practices	Masters Students (50 participants)	Harvard School of Public Health Professor: Joel S. Weisman, PhD
2015	Survey Research	First Year Medical Students (50 participants)	Harvard Medical School Professor: Jeffrey Linder
2015	Conflicts of Interest In Research	Masters Students (25 participants)	Harvard Medical School Professor: Jeffrey Linder
2016-2017	Research Ethics	Masters Students in HMS Bioethics MA program (20 participants)	Harvard Medical School Professor: Spencer Hey
2022	Research Methods in	HSMP 6617 (20	University of Colorado School of Public

	Health Policy	participants	Health Professor: Matt Wynia
--	---------------	--------------	------------------------------

Courses Taught

Date	Course	Students	Course Number	Institution
2016-2017	Methods in Bioethics	Masters Students in HMS Bioethics MA program (10 students)	BEth714	Harvard Medical School
2016-2017	Empirical Bioethics Research Methods	Greenwall Faculty Scholars (10 participants)	n/a	Greenwall Faculty Scholars Bootcamp
2018	Interpreting Health Policy and Management Research	Masters Students in Public Health (25 students)	HSMP 6617	University of Colorado School of Public Health
2019	Interpreting Health Policy and Management Research	Masters Students in Public Health (33 students)	HSMP 6617	University of Colorado School of Public Health
2020	Interpreting Health Policy and Management Research	Masters Students in Public Health (15 students)	HSMP 6617	University of Colorado School of Public Health

Teaching of Peers

Date	Event/Topic	Institution/Program
2004	Research on Research Integrity Fellowship Program	Harvard Pediatric Health Services Research Program
2010	MGH Clinical Effectiveness Seminar, Using MGH Clinical Care and Survey Data	Massachusetts General Hospital Clinical Effectiveness Seminar
2010	Professionalism in Medicine: Results of a National Survey	Massachusetts General Hospital Pediatric Health Policy Seminar
2010	Survey Research Methods	Harvard Academy

Key Administrative Positions

Date	Position	Institution	Department
1998 – 2018	Assistant in Health Policy	Massachusetts General Hospital	Medicine
2013 – 2018	Faculty Associate	Harvard Law School	Petrie-Flom Center for Health Law Policy, Biotechnology and Bioethics

2015 – 2018	Faculty Associate	Harvard Law School	Edmond J. Safra Center for Ethics
2015 – 2018	Affiliated Faculty	Harvard Medical School	Center for Bioethics
2018-	Director of Research	University of Colorado Anschutz Medical School	Center for Bioethics and Humanities

Formally Supervised Trainees/Faculty

Date	Trainee	Current Title	Description of Mentorship
1998 - 2003	Manju Gokhale	Data Scientist at IBM	Ms. Gokhale worked as a programmer on multiple projects conducted at the Institute for Health Policy at the MGH under Dr. Campbell.
2000- 2003	John Ausiello, MD	Assistant Professor of Medicine, Columbia University Medical Center	Dr. Ausiello worked as research assistant on several of Dr. Campbell's research projects that culminated in publications in the medical literature.
2001- 2003	Eran Bendavid, MD, MS	Associate Professor of Medicine at Sanford School of Medicine	Dr. Bendavid served as a research assistant on Dr. Campbell's projects related to technology transfer in academic science. The results of his work were published in academic journals.
2002- 2003	Melissa Abraham, PhD, MS	Chair of the MGH and BWH Panels of the Partners Human Research Committee, Assistant Professor of Psychology in the Department of Psychiatry, Harvard Medical School	Dr. Abraham served as a research assistant on one of Dr. Campbell's federally funded project related to the nature, extent and consequences of industry relationships among IRB members and IRB chairs in medical schools across the US. The results of this research were published in leading academic journals.
2003- 2004	Russel Gruen, MD	Professor of Surgery, Lee Kong Chian School of Medicine, Executive Director, Nanyang Technological University, Singapore	Dr. Gruen served as a fellow in the IHP at MGH and worked on the initial physician professionalism project working as a peer and mentee with Dr. Campbell.
2004- 2010	Barry Kitch, MD, MPH	Senior Vice President of Clinical Affairs and Chief Medical Officer, Emerson Hospital	Dr. Kitch served as junior faculty at the IHP at MGH. Dr. Campbell provided peer and supervisory mentoring on Dr. Kitch's K award related to the culture of patient safety in hospitals and also in nursing homes.
2007- 2008	James Mountford, MD	Director of Quality, Royal Free London NHS Foundation Trust	Dr. Mountford served and fellow in the IHP at MGH and worked on the initial physician professionalism project. His work on this project was published in JAMA and other high profile journals.

2006-	Doug Levy, PhD	Associate Professor, Harvard Medical School, Massachusetts General Hospital	Dr. Levy joined Dr. Campbell's group as an Instructor after completing his Ph.D. in health policy with a focus on economics at HMS.
2007-2009	Carrie Thiessen, MD, PhD	Surgical Resident, Yale School of Medicine	Dr. Thiessen worked as a research assistant on a survey related to patient enrollment in clinical trials.
2008-2009	Robert Rogers, MD	Research Fellow in Medicine, Massachusetts General Hospital	Dr. Rogers worked as a research assistant on a project related to continuing medical education in the US. This project resulted in a paper that was published in JAMA and a report to the Josiah Macy Junior Foundation.
2005-2008	Darren Zinner, PhD, MS, BSE	Associate Professor; Associate Dean for Academic Personnel; Director, Brandeis	Dr. Zinner worked on two NIH grants related to secrecy in science, and another related to industry relationships. These studies resulted in numerous publications and presentations.
2014	Aaron Kesselheim, MD, JD, MPH	Professor, Harvard Medical School	Dr. Campbell mentored Dr. Kesselheim on research methods and served as a Co-I on a number of Dr. Kesselheim's grants.
2015-2016	Stephanie Morain, Ph.D	Assistant Professor in the Center for Medical Ethics and Health Policy at Baylor School of Medicine	Dr. Morain completed a one year post doctoral fellowship in my research group at MGH from 2015-2016 after completing her Ph.D. in Health Policy with bioethics concentration at HMS. Dr. Morain worked on my grant from the Greenwall Foundation to study physicians' attitudes and behaviors related to truth telling in Medicine.
2017	Jeffery Peppercorn, MD	Cancer Oncologist, Massachusetts General Hospital	Dr. Campbell served as an advisor on Dr. Peppercorn's grants from the Greenwall Foundation
2018 - 2022	Vinay Kini, MD	Assistant Professor of Medicine - Cardiology, University of Colorado School of Medicine	Dr. Campbell mentored Dr. Kini on a grant from the Greenwall Foundation to study Medical Aid in Dying in Colorado.
2018 - 2022	Hillary Lum, MD	Assistant Professor of Medicine - Geriatrics, University of Colorado School of Medicine	Dr. Campbell mentored Dr. Lum on a grant from the Greenwall Foundation to study Medical Aid in Dying in Colorado.
2018 - 2022	Elizabeth Kessler, MD	Assistant Professor of Medicine – Medical Oncology, University of Colorado School of Medicine	Dr. Campbell mentored Dr. Kessler on a grant from the Greenwall Foundation to study Medical Aid in Dying in Colorado.
2018 - 2019	Maryam Guiahi, MD	Associate Professor of Medicine – OBGYN,	Dr. Campbell is mentoring Dr. Guiahi in writing and executing her own grants.

		University of Colorado School of Medicine	
2019-	Christine Baugh, PhD	Assistant Professor of Medicine, University of Colorado School of Medicine	Dr. Campbell is Dr. Baugh's primary faculty mentor.
2018-	Matthew DeCamp, MD, PhD	Associate Professor of Medicine, University of Colorado School of Medicine	Dr. Campbell is Dr. DeCamp's primary faculty mentor.
2020-	Christopher Knoepke, PhD	Assistant Professor of Medicine, University of Colorado School of Medicine	Dr. Campbell is Dr. Knoepke's methods mentor on his NIH K award.
2021-	Megan Morris, PhD	Associate Professor of Medicine, University of Colorado School of Medicine	Dr. Campbell is Doctor Morris's primary faculty mentor.
2022-	Gwenyth Day, MD	Critical Care Fellow, Division of Pulmonary Sciences and Critical Care Medicine, University of Colorado School of Medicine	Dr. Campbell is one of Dr. Day's mentors as she prepares her K-award application.
2022-	Zachary Macchi, MD	Instructor in Medicine and Aging and Palliative Research Fellow, University of Colorado School of Medicine	Dr. Campbell is one Dr. Macchi's mentors as he prepares for his K-award application.
2022-	Jose Diaz-Miron, MD	Assistant Professor of Pediatric Surgery, University of Colorado School of Medicine	Dr. Campbell is one of Dr. Diaz-Miron's mentors as he prepares his K-award application.
2022	Jayalene Arias, PhD	Assistant Professor of Public Health, Georgia State University	Dr. Campbell is a mentor to Dr. Arias and assisted her in getting her first NIH R01 related to data-sharing in science.

GRANT SUPPORT

Active

Date	Funding Source	Title	Description	Role
2022-2027	National Institutes of Health (1R01AG079555-01) (\$3,093,168)	Decision trajectories of patients at the end of life: An epidemiological exploration of MAiD and the impact on caregivers and clinicians	To understand patients choices regarding MAiD at the end of life as well as the impact of MAiD on caregivers and clinicians.	Co-I
2021-2022	The Greenwall Foundation: Making a Difference Program (\$210,575)	The Chatbot Is In: Ethics and Conversational AI in Health Care	To understand the experiences of patients with Chatbots in healthcare.	Co-I
2021-2022	Department of Veterans Affairs (\$17,110)	Center for Innovation for Veteran Centered and Value Driven Care (COIN) Survey of Veterans with Prosthetics	To characterize veterans on their experiences with prosthetics at the VA and the factors determining their utilization of prosthetic services	Co-I
2022-2024	National Institutes of Health (R01NS119622-01A1) (\$242,958)	The RATIOS Study: Risk/benefit Assessment by IRB review of Phase One Studies	To understand how IRBs assess the risks and benefits of early phase clinical trials.	Co-I/PI on CU subcontract
2022-2025	National Institutes of Health (1R01NR019782-01A1 \$2,927,777)	A Mixed methods study of the nature, extent and consequences of AI for individualized treatment planning in End-of-Life Palliative Care.	To understand the ethical implications and guidelines of AI in patient and family centered ELOPC.	Co-I
2022-2023	Greenwall Foundation Making a Difference Program (\$224,2110)	Conflicts of interest among advanced practitioners and industry	Analysis of conflicts of interest arising from industry payments to advanced practitioners and their practice networks	CO-I
2022-2023	Department of Veteran Affairs (\$379,516)	The VIONE evaluation	To evaluate the the impact of the VA VIONE program on deprescribing, patient outcomes, and costs.	Co-I

Completed

Date	Funding Source *	Title	Description	Role **
------	------------------	-------	-------------	---------

2021-2023	National Institutes of Health (3T UL1 TR002535-03S3) (\$8,699,359)	Implementation and Real-World Effectiveness of Monoclonal Antibodies to Treat High-Risk Outpatients with COVID-19	The goal of this project is to develop, implement, and evaluate strategies to optimize equitable nMAb access in Colorado and determine the effectiveness and safety of nMAb treatment in high-risk COVID-19 outpatients.	Co-I
2019-2022	The Greenwall Foundation: Making a Difference Program (\$301,257)	A Novel Methodology to Explore Bioethics Issues in Medical Aid in Dying	The purpose of this grant is to develop a novel sampling method to explore bioethical issues in physician aid-in-dying.	PI
2017-2021	National Institutes of Health (NIH) (1RO1HD091211-01A1) (\$267,489)	Surveying Physicians to Understand Health Care Disparities Affecting Persons with Disability and to Identify Approaches to Their Care.	The purpose of this grant is to understand physicians perspectives of care health care disparities for patients with disability.	Co-I/PI on University of Colorado Sub-contract
2019-2020	NIH Administrative Supplement PA-19-217 (\$155,317)	Engaging patients, family members and caregivers in end-of-life and palliative care (EOLPC) research: Addressing the bioethical challenges	The goals of this project are to advance the science of bioethics and engagement in research and to provide ethics guidance to support researchers in engaging palliative care patients, caregivers, and others in EOLPC research.	Co-I
2015-2018	PCORI (\$236,545)	Research Ethics in Patient-Centered Outcomes Research	This grant will understand the unique challenges faced by IRB in overseeing patient centered outcomes research	Co-I/PI on MGH Subcontract
2016-2017	Greenwall Foundation (\$108,656)	Promoting Ethical Research with Stored Biospecimens as Science Evolves	This grant will understand the unique ethical changes regarding biospecimen sharing in evolving fields of science.	Co-I
2016-2017	Greenwall Foundation (\$79,625)	Greenwall Faculty Scholars Bootcamp on Empirical Bioethics Research Methods	This grant is intended to support the development and offering of a six session educational program related to research methods in bioethics research.	PI

2016	Hans and Mavis Lopater Foundation (\$70,000)	Oncologists Views and Practice Around Therapeutic Use of Marijuana.	This grant is intended to support the development and administration of a national survey of Oncologists related to Medical Marijuana.	Co-I/PI Subcontract
2015-2016	MGH Executive Committee on Research	Patterns of Care for HIV and Chronic Comorbidities in Those Over 50	This grant will explore the attitudes, preparedness and experiences of primary care physicians and infectious disease physicians in caring for the chronic conditions of patients over the age of 50 who have HIV/AIDS	PI
2012-2016	NIH/NIGMS 1-R01GM100026-01 (\$1,033,463)	IRB members and industry relationships	The goal of this grant is to examine the nature, extent, consequences and trends in relationships between IRB members in academic institutions and industry	PI
2011-2016	NIH/NIA RO1 1R01AG040138-01 (\$2,721,329)	Deliberative engagement of communities in decisions on research spending.	The goal of this study is to explore the role of communities in making research spending decisions at the NIH.	Co-I/PI on subcontract
2014-2015	The Greenwall Foundation (\$59,789)	Physician Truthfulness in Primary Care: A Qualitative Exploration	This project will identify the real life facilitators and barriers to physician truthfulness (and untruthfulness) among primary care physicians to support future development of techniques to promote physician honesty and fulfill the demands of patient-centered care.	PI
2011-2015	NIH/NHGRI 1R01HG006281-01 (\$1,512,917)	Data sharing and data withholding in genetics	The goal of this grant is to explore the nature, extent and consequences of data-sharing and data-withholding in Genetics and the other life sciences.	PI

2013-2015	FDA	Does Variation in the Physical Characteristics of Generic Drugs Affect Patient's Experiences	The goal of this contract is to examine the extent to which the size and color of a pill affect patients' experiences with the medication.	Co-I/PI on Subcontract
2013-2015	FDA/HHS F22320100008I 1T	New Methods for Evaluation of Impact of Drug Safety Communications	The goal of this contract is to design and field national surveys of physicians and patients to evaluate their perceptions about the drug safety communications process used by the FDA	Co-I/PI on Subcontract
2013-2015	FDA 1 UO1 FD004	Assessing Clinical Equivalence for Generic Drugs Approved By Innovative Methods	The goal of this contract is to explore physician and patient experiences with genetic drugs.	Co-I/PI on Subcontract
2011-2012	The Greenwall Foundation	Doctors as stewards: Where are we and where do we need to go?	The major goal of this grant is to explore physicians' perspectives on their responsibilities, or lack thereof, regarding the conservation of scarce medical resources	Co-I/PI on Sub-Contract
2010-2012	NIH/NCRR 5-R21 RR031916-02 (\$485,810)	Restrictive provisions in faculty consulting agreements with industry (Phase 1)	The major goal of this grant is to better understand the restrictive conditions that often accompany faculty consulting agreements with industry.	Co-I/PI on Sub-contract
2010-2012	Safra Center-Harvard Medical School	Clearinghouse for conflict of interest policies and practices	The goal of this grant is to develop a national clearinghouse for conflict of interest policies and practices.	Co-Investigator
2008-2013	NIH/UL1 5UL1RR025758-04	Harvard clinical and translational science center	To create an infrastructure for bringing together ethicists, policy researchers, investigators and statisticians from across Harvard to address pressing empirical questions in clinical and translational research.	Co-I/PI on Subcontract
2009-2011	American Board of Internal Medicine Foundation	Systems model of physician professionalism	The goal of this project is to develop a Systems Model of Physician Professionalism in the United States.	PI

2008-2009	Josiah Macy Jr. Foundation	Patient safety, quality improvement, and system performance	This study developed a new model of continuing medical education that was related to health care reform and quality improvement	PI
2007-2010	DHHS/ONC HHSP23320045013X1	Evaluating the value of secure messaging	The major purpose of this research contract was to examine value of secure messaging between patients and caregivers.	Co-I
2007-2010	NIH/GMS 1R01GM084455-01-A2 (\$564,718)	Government industry relationships in science	The major purpose of this study was to explore the nature, extent and consequences of industry relationships among NIH intramural scientists before and after the new NIH conflict of interest rules.	PI
2007-2010	Institute of Medicine as a Profession	Survey of professionalism in medicine: Round 2	The purpose of this grant was to conduct a national survey of physician related to medical professionalism.	PI
2007-2010	The RX Foundation.	Culture of patient safety in nursing homes	The major purpose of this grant was to explore patient safety culture in a random sample of nursing homes in Massachusetts.	Co-I
2006-2010	NIH/NHGRI 5-R01-HG003475-02 (\$2,030,522)	Lay understanding of race addiction and genetics	The goal of this research was to examine how diverse lay audiences understand, interpret and respond to emerging genetic research on addiction and potential clinical applications.	Co-I
2006-2007	Massachusetts General Physician Organization	Assessment of handoffs between resident physicians on in-patient services at the MGH	The major purpose of this contract was to study the safety of handoffs between residents at the MGH.	PI
2005-2007	NIH/NHGRI 5-R01GM074915-02 (\$809,933)	Academic industry relationships in Genetics	The purpose of this study was to explore the phenomenon of Academic-Industry Relationships (AIRs) in the life-sciences, with an emphasis in the field of genetics.	PI
2005-2006	NIH/NCI R01CA095400-02-51	Supplement: Academic industry	The major purpose of this grant was to provide the first	PI

	\$19,395	relationships among IRB members	national data on academic industry relationships among IRB members in the US.	
2005-2006	American Board of Internal Medicine Foundation	Assessing physician specialty society involvement in measuring physician performance	The goal of this project was to explore the potential role of specialty societies in measuring physician performance.	Investigator
2005-2006	Massachusetts General Physician Organization	Measuring the culture of patient safety in high risk hospital units in the MGH	The major purpose of this contract was to explore the culture of patient safety among caregivers in high risk units in the MGH.	PI
2005-2006	Tenet Health Corporation	Assessing the culture of patient safety	The major goal of this grant was to field a culture of patient safety survey in several Tenet owned hospitals.	PI
2004-2005	The Greenwall Foundation	Institutional academic industry relationships: A national survey	The purpose of this grant was to explore the nature, extent and consequences of institutional academic industry relationships in the US	PI
2004-2005	Ewing Marion Kauffman Foundation	Conflicts of interest in the university/ government/industry triple helix	The major purpose of this grant was to write a policy paper explicating the role of the university, government and industry in the development of new medical technology.	PI
2003-2005	NIH/NCI R01CA095400-02 (\$528,644)	Academic industry relationships among IRB members	The major purpose of this grant was to provide the first national data on academic industry relationships among IRB members in the US	PI
2003	The Ewing Marion Kauffman Foundation	Improving technology transfer in life and health related sciences	The major goal of this report was to empirically explore the facilitators and barriers to technology transfer in medical schools and teaching hospitals in the US.	PI
2002-2006	AHRQ/PO1	Improving medical safety across clinical settings: Project #6 The role of organizational	The major goal of this subproject was to survey health care providers regarding organizational culture and patient safety in	Co-I/PI on subcontract

		culture in promoting patient safety	the clinical units in which they worked.	
2002-2003	The Greenwall Foundation	Institutional academic industry relationships	The major purpose of this grant was to conduct case studies exploring institutional industry relationships.	PI
2002-2003	Open Society Institute	National survey on medical professionalism	The major goal of this grant was to conduct the first national survey on medical professionalism in the US	Co-I
2001-2003	NIH/NINDS 1R01NS042444-01 (\$339,060)	Data-sharing and data-withholding among trainees in science	The major goal of this grant was to explore the impact of data-sharing and withholding on trainees in science.	PI
1998-2002	HCFA/Contract	Design for the evaluation of the New York Medicare Graduate Medical Education Payment Demonstration and related provisions in Public Law 105-33 (Balanced Budget Act of 1997)	The goal of this project was to evaluate the impact of the 1997 BBA on graduate medical education payments in the US	Co-I
1998-2001	NIH/NHGRI/ 5-R01HG001789-01 (\$519,834)	Data-sharing and data-withholding in genetics research	The major goal of this study was to provide the first national data on the data-sharing and data-withholding practices of academic geneticists in the US	Co-I
1996-2002	The Commonwealth Fund	The future of academic health centers	The major goal of this project was to explore the impact of managed care on the missions of Academic Health Centers	Co-I

* I spent the majority of my career Harvard Medical School whose policy specifically requires that funding amounts not to be included on CVs. Thus, amounts for some grants are not available.

**This list does not include grants on which I served as a Consultant.
